

Community Group Leader

Create a small group environment where people have the opportunity to develop a joyful and growing relationship with Jesus Christ.

Why be a Community Group Leader?

Community groups play an integral role in our church. Sustained life change happens best when we are growing in a relationship with Christ, and this occurs when we prioritize intentional relationships with others who are seeking this same goal. Community groups provide people with the opportunity to connect with others, grow in their relationship with Christ, and experience community.

- Prepare to lead each week.
